

The background of the slide is a photograph of a hospital hallway. On the left, there is a yellow A-frame caution sign with a black silhouette of a person slipping. The hallway has a polished floor and glass-walled rooms on the right. The text 'Cleaning Protection for Healthier Living' is overlaid on the center of the image in a large, white, sans-serif font.

# Cleaning Protection for Healthier Living

# WE ARE MUCH MORE THAN SCOTCH BRITE..

Few Products..

Complete  
Solution...

# 3M BATHROOM CLEANER P1

Dilution 20ml /1 liter water for heavy soil

# 3M™ FLOOR PADS

	Color of Pad	Cleaning Action	What it does?
<p>3M pad will remove efficiently layers in a very homogeneously way, without making deep scratches due to uniform construction of pad</p>  <p>V/s</p>  <p><b>6 times more aggressive and last up to twice as long</b> Consistent performance throughout life</p>		Stripping	To remove finish, sealer and contaminants from the floor surface. Done at the start of a maintenance program and at times when scrubbing will not achieve the desired results.
			
		Scrubbing	Done prior to replacing worn finish; provides a fresh new surface to maintain.
		Cleaning	To remove light soil, scratches, scuff marks and black heel marks without dulling surface
			
		Buffing	Polishing, buffing to enhance floor shine

Floor pad is less than 1% of job, but it can save may other cost like chemical, time, labor etc

Every pad is for specific job and it does that job at its best..
